Explorer Scouts from all across GLMW joined Team Macmillan at the London Marathon in April, to support the runners as they crossed the finish line!

London Marathon!

Meeting early on Sunday morning under Big Ben, we went to the Macmillan Cancer Support recovery centre based in the foreign office. We helped set up the centre, which would soon be looking after over 800 runners, who had raised over £1 million for Macmillan Cancer Support.

With bright green Macmillan t-shirts, Scout neckers, and plenty of balloons, we headed out to the finish of the race, where we would be directing runners to the recovery centre. Despite the rain, big smiles were everywhere, as thousands of runners completed the 26 mile course!

Throughout the day, we congratulated hundreds of Macmillan runners, whilst having fun in the teams we were working in. The day was extremely successful, and we all enjoyed being part of the 2008
