

Handout 5: Suspension Case Study

Following the complaints made by the Cub Leader, the District Commissioner has completed their investigation into the complaint and suspended the Group Scout Leader and instigated investigations of the alleged complaints.

Task

As a group, consider:

- The impact of the suspension, including the impact on the wider team from the District and the Group perspectives
- What actions could the DC take to minimise these impacts?
- What guidance/support might they need to give and to who?
