

KEITH GILLARD
4 JUN 1949 - 3 JAN 2019

Keith turned up at Paccar Campsite office to ask if they were looking for any volunteers. He was a local man & had a lot of experience in building & construction. Obviously they said yes & he became a member of Waxwell Rover Service Crew in 2010. He brought to the crew a wealth of knowledge & experience which was put to use on a regular basis. He soon became a valuable part of the crew & was happy to give a lot of extra time when needed.

During this time he also helped with other scouting events such as helping with setting up of the West Sussex International & County Camps & camping in the Pennines with a local scout group.

In March 2015 he was awarded the County Commissioner's Commendation

Keith & his knowledge will be sadly missed by Waxwell.
